

Press Release, 05.04.2018

Saxinger, Chalupsky & Partner Rechtsanwälte GmbH
(SCWP Schindhelm)

SCWP Schindhelm: New alliance office in Munich

With the expansion of its German partner firm Schindhelm, SCWP Schindhelm is now also represented in the Bavarian capital Munich.

On 01.04.2018 the new office of Schindhelm Rechtsanwaltsgesellschaft mbH Osnabrück in Munich was opened. The new office in the Bavarian metropolis will be headed by Dr. Thomas Scharpf, a graduate business economist (FH), who is moving from PricewaterhouseCoopers Legal AG Munich to Schindhelm. His practice focuses on general commercial law, corporate law as well as national and international capital market law.

"The presence in the economically very important region of Southern Germany is not only an important step for us as a law firm, but also builds a bridge to the partner law firms in Austria, Hungary, Bulgaria, the Czech Republic, Slovakia and Romania", says Dr. Bernhard Heringhaus, Managing Partner of Schindhelm Rechtsanwaltsgesellschaft mbH Osnabrück.

"The new location in Munich is a considerable competitive advantage for the partner law firms of the SCWP Schindhelm-Alliance and its clients. We congratulate our German colleagues on this promising strategic step." said Dr. Franz Mittendorfer, Director of SCWP Schindhelm Services SE.

Munich as a business location: The broad mix of companies of various industries and sizes known as the "Munich mix" and the networking of traditional crafts and commercial enterprises with high-tech companies characterise the Bavarian capital, one of the most stable economic centres in Germany. Munich is the second most important banking centre after Frankfurt am Main and Germany's number one location in the insurance industry. In addition to seven of the 30 DAX-listed companies, Munich is home to numerous companies from the information and communication technology and service sectors, research- and knowledge-intensive industries - especially life sciences, medical and environmental technologies as well as the cultural and creative industries.

Saxinger, Chalupsky & Partner Rechtsanwälte GmbH (SCWP Schindhelm) supports its domestic and foreign clients in growth markets around the globe, above all in Central and Eastern Europe and Asia. The law firm is a member of SCWP Schindhelm Services SE, an alliance of European commercial law firms. With the new location in Munich, the Schindhelm-Allianz currently employs more than 200 lawyers at 26 locations in 12 countries. Alliance locations: Bilbao, Bologna, Bratislava, Wrocław, Brussels, Budapest, Bucharest, Denia, Düsseldorf, Graz, Hanover, Linz, Madrid, Munich, Osnabrück, Palma de Mallorca, Pilsen, Prague, Shanghai, Sofia, Taicang, Valencia, Varna, Warsaw, Wels, Vienna.
